

Squirrel Monthly Income Fund

28 February 2025

The Squirrel Monthly Income Fund ('Fund') seeks to generate competitive and regular income from a diversified portfolio of NZ loans secured by registered first mortgages on residential property. Squirrel focuses on mortgage lending to select market niches where investors can expect to earn attractive returns from carefully qualified borrowers with residential property as security.

Performance and market commentary

The Squirrel Monthly Income Fund generated a return of **0.51%* in February 2025**, with a **1-year return of 7.30%***. The Fund has delivered a 3-year annualised return of 7.08%* without a single negative month. The Fund provides investors with the opportunity to generate competitive and stable monthly income while enabling Squirrel to provide flexible and competitive funding solutions to NZ's housing market.

The Fund's investment portfolio is diversified across 239 loans, comprising 180 construction loans and 59 home loans. The Fund's investment exposure is managed through the Squirrel Wholesale Home Loan Fund (21.88%) and the Squirrel Wholesale Construction Loan Fund (75.42%). The balance was held in Cash (2.70%). The Fund's portfolio is well diversified with a relatively conservative Loan-to-Value Ratio (LVR) of 59.66%.

At month end, the Fund had \$1.150m (or 2.03% of the Fund) invested in 6 construction loans that are in default. Squirrel is actively engaging with the Borrowers, with one loan to be repaid during March from an unconditional sale. The loan where Squirrel P2P Trustee is acting as mortgagee in possession, has a conditional sale agreement with an April settlement date. The four other loans will be repaid from the settlement proceeds from properties that the respective borrowers are actively marketing.

All of the Fund's investments are secured by registered first mortgages and have the protection of a Squirrel Reserve Fund. This means the Fund continues to receive monthly interest payments from a defaulting loan until the loan is repaid; potential loss underwritten by a reserve fund.

Following the RBNZ's recent 0.50% cut to the OCR, Squirrel reduced its Home and Construction Loan rates by 0.25%. The lower rates are stimulating from developers, property investors and first-time home buyers, which is very positive for the Fund's investors as it serves to both reduce risk and increase the pool of potential borrowers. The Fund is continuing to provide investors with a competitive return and the flexibility of a month's notice period.

Investment objectives and strategy

The Fund's investment objective is to provide an annual return, after fees and before tax, that **outperforms the 1 Year New Term Deposit Rate (>\$10k) by a margin of 2.00%**¹. The Fund combines Squirrel's real estate lending expertise into a convenient, tax-effective form where investors receive returns from a diverse portfolio of home loans and residential construction loans with first ranking security against residential property. Squirrel is the Investment Manager and the Fund invests in the Squirrel Wholesale Home Loan Fund and the Squirrel Wholesale Construction Loan Fund. Squirrel actively manages the Squirrel Wholesale Funds' loan exposure through Squirrel's peer-to-peer ("P2P") platform.
