

Platform and Website Terms and Conditions

Date: 4/07/2024 Version 2.7

Squirrel Money Limited – Peer-to-peer and wholesale lending platform (the Platform)

These terms and conditions set out requirements in relation to an application for membership of the Platform and the operation of the Platform. These terms also apply to your browsing and use of this website. By accessing the website and Platform you agree to be bound by them.

Unless the context otherwise requires, capitalised words and phrases have the meanings given to them under the heading "Definitions and interpretation" in these terms.

The terms apply to both Retail and Wholesale Investors, however we may adapt or change criteria, processes and conditions for Wholesale Investors from time to time.

We may apply different eligibility criteria for trusts, entities or Wholesale Investors. In particular, we may require Wholesale Investors to be "Wholesale Investors" for the purposes of the FMCA.

3. We can accept or decline your application for membership at our sole discretion.
4. You can withdraw your application for membership at any time by notifying us at the email address set out at paragraph 56 or via the Platform.
5. Once we accept your application for membership, you may apply to be an Investor or a Borrower under the Platform.

 - a. submit an application to become an Investor and meet any eligibility requirements for Investors notified by us from time to time; and
 - b. fully and completely provide all of the information required in the Investor application form.
8. You may withdraw an application to become an Investor at any time on notification in writing to us at the email address set out at paragraph 56 or via the Platform.
9. Once an application to become an Investor has been accepted by us, you may use the Platform to deposit funds into an On-Call Account and will be eligible to submit one or more Investment Orders on the Platform subject to the terms and conditions set out in the Investor Agreement and the other Investor Documents.

Becoming a Borrower

10. In order to become a Borrower on the Platform, you must:
 - a. submit an application to become a Borrower;
 - b. complete all credit checks and assessments we undertake in relation to your application and have an acceptable credit record as determined by us; and
 - c. fully and completely provide all of the information required in the Borrower application form.
11. You authorise us to undertake any credit, verification or other checks we deem necessary in relation to your application to become a Borrower as well as the on-going performance of your obligations under a Loan.
12. Credit checks include a credit assessment based on the length of current employment, income and earnings, debt servicing, business financial reports and other relevant factors in order to assess the Borrower's creditworthiness. We assess a Borrower's servicing ability based on income and expense information provided in their application. On all Loan applications we will verify the financial information provided by the Borrower by obtaining three months of bank transaction history and recent payslips or proof of income. Where a loan is secured and the security is obtained in respect of real property, we will obtain a copy of the title to help assess the security, and a statement of rates to ensure these are not in arrears.
13. Where the security for a loan is provided by personal property (such as cars or other assets), we will check the Personal Property Securities Register to ensure that other security is not registered in relation to the relevant asset.
14. You may withdraw an application to become a Borrower at any time on notification in writing to us at the email address set out at paragraph 56 or via the Platform.
15. Once an application to become a Borrower has been accepted by us, you will be approved as a Borrower and you may use the Platform to apply to list a Loan on the Platform subject to the terms and conditions set out in the Borrower Agreement, the other Borrower Documents and the Fair Dealing Policy.
16. The Borrower's approval will be valid for a period of 30 days following notification to the Borrower. In the event that the Borrower does not apply to list a Loan on the Platform within that period, the Borrower's approval will lapse. The Borrower will need to reapply to become a Borrower in order to list a Loan on the Platform after the date the approval lapses including providing to us all information and meeting all criteria required in connection with an application to become a Borrower.

Arrangements for Investors

17. As an Investor, you may use your On-Call Account(s) to save and earn interest, or to hold funds to cover any Investment Orders for Term Investments and Managed Fund via the Platform from time to time.
18. Each Loan which an Investor participates in under the Platform will be made by the Trustee (as bare trustee) on the Investor's behalf and that of each other Investor (where applicable) participating in the relevant Loan. Multiple Investors may participate in a Loan, in which case each Investor will have an interest (held by the Trustee as bare trustee) in the principal and interest payable (where applicable) under the Loan Agreement based on the proportion of the value of the Loan contributed by the relevant Investor.

19. An Investor may not deal directly with the Borrower or any Guarantor and all correspondence and actions required in respect of the Borrower, any Guarantor and/or the Loan will be undertaken by the Trustee or on the Trustee's behalf as set out in the Investor Agreement.
20. Further information on the trust relationship between Investors and the Trustee is set out in the [Investor Agreement](#).

The Platform

21. Investment Orders may be subject to requirements notified on the Platform from time to time including in relation to maximum total investment amounts and individual Investment Order amounts.
22. Once an Investor submits an Investment Order for a Term Investment on the Platform, unless withdrawn before it has been matched with a Loan and the full value of the Loan has been met, the Investment Order is a binding offer to participate in a Loan or Loans for the purposes of the FMCA as determined by the Platform and on the terms of the Investment Order and the Loan Agreement. An Investment Order may match with a new Loan or a Loan being transferred via the Secondary Market.
23. A Borrower may apply for a Loan and will be credit checked by us, assigned an interest rate, and, following provision of the Borrower Disclosure to the Borrower and any Guarantor (where applicable), will enter into a Loan Agreement with the Trustee (on behalf of participating Investors to be identified through the matching process below). Loan Agreements are conditional on sufficient Investment Orders from Investors being successfully matched to the Loan.
24. Subject to paragraphs 25 and 26, we will match Investment Orders with Loans on the basis of the following criteria:

For new Loans:

- a. Loans are ranked on a "first come, first served" basis, with Loans submitted for funding earliest in time having priority over later submitted Loans.
- b. Investment Orders are ranked a "first come, first served" basis within each Investment Class and Investment Term, with Investment Orders submitted earliest in time having priority over later submitted Investment Orders.
- c. Once Loans and Investment Orders have been ranked on the basis set out above, the first ranked Investment Order will be matched with the first ranked Loan up to the full value of the Investment Order (where the value of the Loan is equal to, or exceeds, the Investment Order) or the full value of the Loan (where the value of the Loan is less than the Investment Order).
- d. Where the first ranked Loan exceeds the first ranked Investment Order, the first ranked Investment Order will be matched with the Loan and lower ranking Investment Orders (in the order of priority as determined above) will subsequently be matched until the full value of the Loan is met.
- e. Where the full amount of an Investor's Investment Order is not matched under a Loan, the balance of the Investment Order will remain on the Platform to be matched to Loan(s) on the basis set out above, unless the balance of the Investment Order is withdrawn by the Investor prior to being matched.
- f. Once one or more Investment Orders have been matched to a Loan so that the full value of the Loan has been met, we will proceed to settle the Loan under the terms of the Loan Agreement. Investors whose Investment Orders have been matched to that Loan will be notified of the match via the Platform and via email.

For Loans transferred via the Secondary Market:

- g. Interests in Loans for transfer are ranked on a "first come, first served" basis, with interests in Loans submitted for transfer earliest in time having priority over later submitted interests in Loans put up for transfer.
- h. An Investment Order will be automatically matched with an interest in a Loan via the Secondary Market where the Investment Order meets the Automatic Transfer Criteria (as described in the Secondary Market Rules).
- i. In the event that there is more than one Investment Order which meets the Automatic Transfer Criteria, eligible Investment Orders will be ranked on a "first come, first served" basis, with Investment Orders submitted earliest in time having priority over later submitted Investment Orders.

- j. Where an interest in a Loan available for transfer on the Secondary Market cannot be matched to available Investment Orders under the Automatic Transfer Criteria, the Secondary Transfer Criteria (as described in the Secondary Market Rules) will be applied by the Platform.
 - k. Once the transferring Investor's interest in the Loan is matched with an Investment Order on the basis set out above, the transferring Investor will be notified of the match and the Trustee will arrange for the repayment to the Investor of the outstanding balance of their interest in the Loan.
 - l. Where the full amount of an Investment Order is not matched via the Secondary Market, or the person submitting the Investment Order declines to accept an offer to be matched with an interest in a Loan for transfer, the balance of the Investment Order will remain on the Platform to be matched with Loans on the basis set out in these terms.
 - m. Where we are aware that the interest rate of a Loan to be transferred via the Secondary Market is less than the prevailing interest rate for that Investment Class, or a Credit Event has occurred in relation to a Loan to be transferred via the Secondary Market, being:
 - i. the Borrower has previously missed a payment due under the Loan (whether or not the default in payment has been covered by the Reserve Fund); or
 - ii. the Loan is currently in arrears; or
 - iii. there has been a material adverse change in the Borrower's credit profile from the position in the credit assessment undertaken by us prior to the Loan being advanced to the Borrower,
 we will disclose the Interest Rate and/or Credit Event to prospective Investor(s) and the interest in the Loan will only be transferred where the prospective Investor(s) have indicated via the Platform that they accept the offer of the interest in the Loan having been made aware of the Interest Rate and/or Credit Event.
25. Where the balance of a Loan to be matched with an Investment Order via the Platform from time to time is less than \$100, we may fund the balance of the Loan in order to ensure the efficient operation of the Platform. We, or entities associated with us, may use the Platform in the capacity of an Investor.
26. We may permit an Investor to fund Loans on the Platform in the capacity of a Wholesale Investor, a Retail Investor or both for different investments. For clarity, this does not affect the entitlement of any Investor to the protection of a Reserve Fund if a Loan they are participating in is transferred into the set of Loans that are defined as being covered by a Reserve Fund.
27. The Wholesale Investor(s) associated with Squirrel will take priority over Retail Investors in the following situations:
- a. to provide initial funding for Home Loans and Construction Loans that require guaranteed funding on specific dates; and
 - b. where there are insufficient Investment Orders by Retail Investors to meet the full value of any other Loan and the Loan has been awaiting funding for more than 24 hours.
- To the extent that a Wholesale Investor that is associated with Squirrel holds Loans that qualify for transfer to Retail Investors ("Qualifying Loans") per the Secondary Market Rules, we will ensure that at least one Loan is always made available for transfer to Retail Investors (to the extent that we hold a Qualifying Loan that is available for transfer). Qualifying Loans will be made available for transfer on a 'first in, first out' basis, with Loans settled earliest in time having priority over later settled Loans.
28. We may correct any error in a Loan Agreement or other document at any time (and take any further steps we consider necessary, including any transfer of funds) where a document does not match the agreement between the parties.
29. We will operate the Platform at all times in compliance with our Fair Dealing Policy. A copy of the Fair Dealing Policy can be accessed [here](#).

Interest

- 30. Interest received on balances held in your On-Call Account will either be paid to Squirrel as a Service Margin, or we may offer for you to retain a share of such interest up to a rate published on our website, in accordance with the Investor Agreement.
- 31. The interest rate payable by the Borrower in relation to a Loan is the aggregate of the interest rate payable to Investors (determined on the basis below), the Service Margin and any amount payable to the applicable Reserve Fund.

32. The Prevailing Interest Rate an Investor may receive in relation to an investment will be displayed to an Investor whilst creating an Investment Order. The Prevailing Interest Rate applicable to new investments in each Investment Class and Investment Term will be set by us from time to time after consideration of the Housing Variable Rate, Business Variable Rate, current market interest rates and Platform fees, levies and margins. The Prevailing Interest Rate is subject to change at any point up until an Investment Order is matched to a Loan. Further detail is contained in the Terms.
33. Interest payable in relation to a Loan will be either Fixed Interest or Variable Interest, and you will receive notification before a change to a Variable Interest rate applies. Further information is contained in the Investor Agreement.

Monitoring repayment by Borrowers and default

34. We have a system in place to monitor Loan repayments and any arrears. This includes daily reporting to our senior management.
35. Our management also review monthly credit reporting including:
 - a. arrears reporting showing number, value and percentage of Loans in arrears;
 - b. volume of new Loans entered into by term, product and risk-grade; and
 - c. any movements in the Reserve Fund(s) (including funds paid out, recovered and received).
36. If a Borrower misses a Loan repayment, they will receive an automated email from us. If the Loan payment is still outstanding after three days' the Borrower will get a phone call from us to arrange payment and a diary note will be entered on our system. We track contact to make sure Loans in arrears are actively managed.
37. If a Borrower misses two payments consecutively and does not have a repayment plan agreed with us, or arrears are more than two months' worth of repayments, then they may be referred to our external debt collections agency.
38. In the event of a missed Loan payment in respect of a Loan covered by a Reserve Fund, provided there are sufficient funds available, we will make payment of the amount outstanding from that Reserve Fund in accordance with the Reserve Fund Policy. Any subsequent repayments by the Borrower and/or any Guarantor in respect of the amount outstanding will be repaid to the applicable Reserve Fund (if any) which covers that Loan or, in any other case, to the account of the relevant Investor.
39. In the event that the Loan is outstanding for three months or more, the debt is listed on the Borrower's credit file and may be listed with our external debt collection agency for collection. The Loan may also be "purchased" at our discretion by the relevant Reserve Fund (if any) in accordance with the Reserve Fund Policy. In exercising this discretion, we will consider any factors that we consider relevant which may include our assessment of the likelihood that the Borrower will re-start making payments.
